

O TO BE FREE

by John White

A meat eater I have been for sixty years
Until I saw a video that brought me to tears
Of the cruelty we impose on animals grown for meat
Chickens, Cows, Pigs and Turkey CAGED cannot move in the heat
If we treated our pets in this way
In prison we would go, and throw the key away
For these caged animals it's legal because they are grown for profit
So speak up until our voice is heard to stop it
Tell your friends lobby your M.P.
Free these animals let them live as they should be
Feeding on good grass, growing and roaming.
O to be Free.
